VOLUME XXI—NO. 104 CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, WEDNESDAY, OCTOBER 6, 1920 TWO CENTS

BOROUGH COUNCIL MEETS IN REGULAR MONTHLY SESSION

Several Matters of More or Less Importance Disposed Of

NO ACTION TO FILL VACANCY

The regular monthly meeting of borough council was held Tuesday evening, with all members present except Mr. VanVoorhis. The resignation of Mr. VanVoorhis has been tendered council, but so far it has not been accepted. No action will likely be taken in the matter until after the November election, and in the meantime there is said to be several aspiring candidates for the vacancy when it legally occurs.

Mr. Calistri was before council, asking permission to erect a frame structure on Fallowfield avenue, within the fire limits. He was advised that the ordinance fixing the fire limits would not allow any such building on the location he requested.

J. C. Baker, representing the Charleroi Coal works, was before council asking for some improvement on Meadow avenue, near the coal company's property. While no definite promise was made, council said some steps might be taken to make conditions better at that point.

The borough clerk was directed to notify owners of a club house on Meadow avenue to change the driveway at that point so as not to interfere with the use of a fire plug in that locality. Complaint was made that machines drive so close and allowed to remain in such a position as to interfere with the use of the plug at that point, should it be necessary to call it into service.

A representative of the Electric Alloy Steel company was present and notified council that a manhole on their property would have to be raised by the borough, as it would be covered by a "fill" the company is going to make preparatory to some improvements about to be put under way. The matter was referred to the street committee with power to act.

The Burgess' report for September showed collections of $94 in costs and fines. The treasurer's report showed collections to September 15 of $9,072.46, which with a balance of $272.80 made a total of $9,345.26; disbursements $6,518.85, leaving a balance of $2,826.41. Tax Collector Brady reported August collections amounting to $5,995.66.

PRICES OF FLOUR ON DOWNWARD TREND

Minneapolis flour prices continued their downward trend on Tuesday when mills effected a reduction of 10 to 60 cents a barrel for family patents. One large mill's quotation was reduced from $12.15 to $11.55 a barrel, while another, which lowered its price half a dollar Saturday, made a further cut of 10 cents, making its price $11.30 a barrel.

PICKPOCKET STEALS DONORA WOMAN'S PURSE

A pickpocket, last Saturday evening, grabbed a purse from the hand of Mrs. T. H. Sprague as she was walking along Mcean avenue, in Donora, and made good his escape. He was pursued a short distance by citizens after Mrs. Sprague had made an outcry, but the thief eluded his pursuers and got away. The purse was found Monday morning in the railroad yards, the money, amounting to $20.00 gone, but other contents of the purse lying near by.

THEIVES MASQUERADE AS REVENUE AGENTS

Representing themselves as special officers from the Revenue office, two foreigners obtained admission to the home of Vinco Brandon at Century Coke Works near Brownsville, about 9 o'clock Monday morning

They told Mrs. Brandon they were looking for illicit stills so she took one of the two men down into the cellar. While they were in the cellar the other man broke into a trunk and took about $500 in money. Mrs. Brandon did not notice that the trunk had been opened and looted until the men had made their escape.

She immediately notified Brownsville officers, and a short time later they arrested a man answering the description of one of the bandits who gave the name of George Ralo. When taken before a justice of the peace Mrs. Brandon recognized the man under arrest as one of the thieves, but when he was arrested he did not have a large amount of money on him. It is presumed that his confederate had the larger bulk of the money.

WARNING ABOUT MAKING OF CIDER

Farmers who expect to market vinegar containing wood alcohol are subject to prosecution by representatives of the Pennsylvania Pure Food department.

Official information received by officials warns merchants against accepting vinegar containing other than pure ingredients. The Harrisburg department also warns against "low grades" of vegetable matter. State Food representatives, on future visits, will be expected to furnish more details in connection with these orders.

SEEK AN INJUNCTION AGAINST INTERFERENCE

The Crucible Fuel company, which operates the coal mine at Crucible, on the Monongahela above Lock No. 6, on Monday secured a temporary injunction in the Greene county court, against Peter Haywood, restraining him from interfering with the operation of the coal mine at that place. A hearing on the injunction was fixed for Friday, October 8, at 9 o'clock.

According to the petition presented to the court it is stated that the Crucible Fuel company employs about 400 men and 1,800 tons of coal are being mined daily. Peter Haywood was in the employ of the company until November 1, 1919, and since that time has remained at Crucible and has been trying to keep men away from the mine by telling them there is a strike on there. It is claimed by the company that Haywood is interfering with the work of the mine by his action and the court is asked to restrain him permanently.

DIES AS RESULT OF STAB WOUND

As the result of being stabbed while in a barber shop at Millsboro last Saturday evening, Ulyssess Grant Robinson died at the Memorial hospital early Monday morning aged 52 years.

Robinson was in the barber shop when a man named George Artist came in, and wanted to be shaved at once. The man was intoxicated, and when he was told to wait became abusive. Robinson objected to his attitude, when it is said Artist pulled a knife and stabbed Robinson in the breast. Artist was overpowered by others in the shop and the knife taken from him but he was allowed to depart.

It was not thought that Robinson's wound was dangerous, but on Sunday he was brought to the Monongahela hospital, where he died the following morning. Artist was seen about Millsboro on Sunday, but disappeared that afternoon. County authorities were advised of the occurrence Monday afternoon and County Detective Weiner started on the case. He was able to trace Artist as far as Charleroi, but was not able to come up with the man.

Some criticism is made of the Millsboro authorities for allowing Artist to escape after making the assault on Robinson. The deceased was a former resident of Monongahela, and his funeral will take place Thursday afternoon at 2 o'clock from the home of his brother, with interment in Monongahela cemetery.

"GALLATIN TRAIL" IS IN BAD SHAPE

The condition of the public highway from North Belle Vernon to Gillespie is now said to be in the worst condition that it has ever been since it was given the name of "Gallatin Trail," says the Fayette City Journal. This road is one of the most important highways in Pennsylvania, being the only road from Uniontown and Brownsville to the industrial towns in the Monongahela valley.

It is not the coal trucks that ruin this road, for there is no hauling of coal regularly over it. It is the daily traffic that wears it out. From the time work was finished last summer until the time it was worn out only three months elapsed. This appears to be good proof that it was either poor workmanship or poor material and in any event a waste of good money. There is now a fine concrete bridge at Gillespie and about a mile and a half of good brick highway, but the balance of the roadway in that section is a wreck.

EXPECT AEROPLANE DURING THE WEEK

Before the end of the week Monessen may have the honor of witnessing an aeroplane owned by local people flying over that borough. At a recent meeting of the Monessen Aero Company, plans were completed for the purchase of a Lincoln Standard Tourabout of 150 horsepower, and David Ruse, a former army aviator, is now on the way to Lincoln, Nebraska, in company with Joseph Khopinski, to bring the plane to Monessen. After giving the machine a tryout, they expect to "hop off" Thursday morning, reaching Chicago the same evening. Leaving Chicago Friday morning they hope to reach Monessen some time Friday.

Just as soon as the plane arrives at its destination arrangements will be made to accommodate those who wish to make trips, the machine being equipped to carry two passengers. After the local field has been worked it is the purpose of the company to visit other cities and carry passengers and give exhibitions. They already have enough engagements to keep the machine busy until late in the winter season

PHYSICIANS FEAR BENTLEYVILLE TYPHOID EPIDEMIC WILL SPREAD

AIRPLANE IS AGAIN LOCATED AT DONORA

Lieut. John P. Andrews arrived in Donora Monday with his airplane, having successfully made the return flight from Stoneboro to the big steel borough. He alighted on the Dave Rabe farm near the Sampson school house, on the Eldora road, where the flights were held a couple of weeks age. It is the purpose of the aviator to make flights with passengers as he did a couple of weeks ago, and quite a number of applications are already on file.

INTRUDER ASSAILS GIRL IN TOWER

Attacked by a masked man while at work early on Tuesday in a lonely signal tower on the Pennsylvania Railroad at Meadow Run, six miles from Brownsville, Miss Margaret Burns, aged 20, of Connellsville struggled with her assailant for more than 20 minutes before she was rendered unconscious by a blow on the head from an automatic pistol wielded by the man.

According to the story told by Miss Burns, she was at work on the upper floor of the tower when she heard the sound of breaking glass, and running to one of the windows was confronted by a well dressed man whose face was covered with a white handkerchief and who threatened her with an automatic pistol. Warning her not to make any outcry, the man advanced toward the girl and she grappled with him, scratching at his face and screaming for help. The girl's clothing was badly torn.

After she had been struck on the head, Miss Burns lay unconscious for several hours, she declared, and on reviving found herself alone, when she notified the police at Connellsville, giving a description of the man. It is believed the intruder left the tower immediately after striking the girl.

Amelia Gertrude Carson

Amelia Gertrude Carson, daughter of Mr. and Mrs. Ray Carson, died at her home, 475 Fifth Street, Donora, at 6:50 a. m., October 6th, of pneumonia, aged 4 years and 24 days. She is survived by her mother and father, two brothers and one sister. Services will be held Thursday at 2 p. m. at her home, with interment in the Monongahela cemetery.

Pauline Louise Brassart.

Pauline Louise, infant daughter of Mr. and Mrs. Polite Brassart, died at the family home, Conrad avenue and Seventh street, Lock Four, October 6th. Funeral Thursday at 4 o'clock, p. m., interment in Charleroi cemetery.

It seems that the British are not calling it either the Great War or the World War but the German War, which at least places the responsibility where it belongs.

Two More Cases Are Reported and Two More Nurses Sent

FEAR TOTAL WILL REACH 100

The Bentleyville typhoid fever epidemic is on the increase and local physicians express the belief that it may reach a total of 100 cases before its progress is checked.

The new cases were reported on Tuesday and numerous other residents are ill. It is feared that in numerous instances this illness may eventually develop into typhoid fever.

Realizing that the situation there is serious the state department of health will provide two nurses to assist the two Red Cross nurses now helping to care for the more than thirty persons suffering from the disease.

Sanitary Engineer Drake of the state department of health, who was in Bentleyville several days ago making an investigation of sanitary conditions, returned on Tuesday and made a survey of the situation in company with Burgess Hetherington and others. He made further recommendations and was satisfied with the progress being made in the general "clean-up."

Twenty-seven of the typhoid fever cases which have developed thus far are in families which used water from the condemned spring. This water was used by a large number of families, and the clear, cool product gushing from the hillside was believed to be absolutely pure until proven contaminated by a test.

ROCHESTER HIGH COMES SATURDAY

With two victories to its credit the Charleroi High school football team is preparing diligently for the game with the Rochester High, which takes place Saturday afternoon next at the local ball park. The team gave a demonstration of its ability last Saturday which was gratifying to everyone. The coming game with the Rochester High is one of the hardest contests on the local schedule, and the slogan of every High school student is "Beat Rochester." With such a spirit prevailing throughout the school a large and enthusiastic crowd is assured. If you want to see a good football game do not miss the contest of Saturday next. Kickoff at 3:00 o'clock sharp.

The Public is cordially invited to attend a social to be held in old P. H. C. Hall on Thursday evening by the W. B. A. Every one is invited. A good time guaranteed. Admission 25c.

QUITTERS

A record for shirking the responsibilities of public office is here set forth by the Republican Publicity Association, through its President, Hon. Jonathan Bourne, Jr., for the consideration of the voters:

"McAdoo says the Republican party wants war. With whom pray? The Democrats wonan election on the promise to keep us out of war, and we had war, and the Democrats assume the full credit for the winning of it.

"The Republicans refused to accede to Article Ten of the league covenant,and the Democrats demand that this Nation accept that article as the 'heart of the league." Yet, Article Ten is pregnant with wars which would call for the man-power and money of the United States without limit, should we become a member of the British-Wilson league.

"Prominently following the calling of the armistice, McAdoo and his court shirked the post-war responsibilities and sought enlarged opportunities to get rich quick. No, they talk in terms of international altruism. To the Republican party was left the task of national rehabilitation following the destructive wake of war.

"McAdoo and his crew fled the deck and left the nation saddled with a huge merchant marine and not one vestige of legislation to guide its policies. The Republican party enacted the Merchant Marine law which salvages billions of dollars worth of vessels from the Democratic scrap-heap and is spinning their propellers over the trade routes of the world.

"McAdoo and his wastrels committed the United States Government to billions of dollars of unnecessary contracts, expenses and debts and then skipped out leaving the job of meeting those commitments to the Republican party. The Republicans lopped two billion five hundred million dollars from the Democratic sight-draft on the American taxpayers. yet McAdoo and his plutocrats complain that the Republicans did not reduce taxation essential to meet governmental pledges made by the Democratic party. The McAdoovian plutes protest against the taxes on their swollen incomes.

McAdoo and his sky-pirates inflated the currency until a dollar would purchase but 40 cents worth of goods, and then they made a parachute jump to escape responsibility, leaving to the Republican party the job of deflation and the future re-establishment of the dollar at something approaching par.

"McAdoo and his band of burlesquers made a vaudeville exhibition of themselves in an hysterical appeal to the people to purchase war bonds, with solemn promises that these bonds would be always as good as the wheat. And then the McAdoolers did an exeunt omnes, and the Republican party must tackle the job of restoring bonds to par, through the serial bond plan, preferably.

"McAdoo and his gang of honey-fuglers promises a lowering in the cost of living through free trade, and then vanished leaving the country a prey to a tariff policy which permits $6,000,000,000 worth of foreign goods to enter our ports annually. A fund appropriated by the Republican Congress to assist the Attorney General in curbing the profiteers was used by him to further his ambitions for the emocratic presidential nomination. It now remains for the Republican party to restore the protective policy and bring about normalcy in production and consumption, so far as legislation will succeed.

"McAdoo and his crowd have proven themselves to be incompetent quitters in whom no reasoning man has faith and the Republican party will require and will receive a long period to clean up the mess they have made."

"Skirts are to be tighter and shorter, coming just below the knee." No rest for the—bowlegged.

Remember your dead. W. S Cook and Co Monuments with [illegible] Frye Funeral Director. 2e

AGRICULTURE AND SEA FOOD.

The average reader will be surprised to hear of a proposed "census of the sea" in order to calculate how much food it can be made to yield, for, though everybody knows the ocean gives us oysters and many varieties of fish, perhaps few know that it has been shown that an area of the sea may be more productive than an equal area of pasture or crops on land." Only a small beginning has been made as yet, the oyster industry being the most notable and successful example, but it is contended that aquiculture is as susceptible of scientific treatment as agriculture. At a recent meeting of the British society of oceanography in London stress was laid on the practical as well as the scientific importance of studying the rich and varied life of the sea—a subject whose immensity only its students begin to realize.

Could a developed science of aquiculture in the future do something toward the prevention or the limiting of such ocean tragedies as the [illegible] destruction of the fish in 1882? In that year a ship of the United States fish commission sailed two days and nights through seas covered with dead tile fish estimated at 256,000 to the square mile. The catastrophe was attributed to a shifting of the Gulf stream and a flooding of the tile fish area by the cold Labrador current. It was supposed that this valuable fish had been exterminated, but after many years it reappeared and increased and a recent season's catch of 2,500 000 pounds was reported.

A BUSINESS MAN ON RELIGION.

"Many able men are fearful of a panic or depression within twelve months," says Roger Babson. "What is the reason for this fear? The fear is due to the knowledge that people forget their religion during times of prosperity. We become extravagant careless and selfish during good times. We forget God, and feel confident in our own strength; we seek profits rather than service and are interested in consuming rather than producing. Only a revival of religion can make our good times continue. A subconscious knowledge of this fact is the basis of the fear abroad today.

"The churches are to civilization what a compass is to a ship or a steering wheel is to an automobile. As a business man I urge my associates to get behind the churches. They alone provide the solution to the great problems facing us. Legislation, labor unions, employers' associations and all these other things are mere shells of the egg. So I say that the need of the hour is not more houses, or freight cars, not more factories or ships, not more legislation, education or banking facilities, but more religion. The need of the hour is religion."

Straw votes indicate the political wind. All those taken to date indicate an overwhelming preference for the Republican National ticket. There isn't much noise being made during this campaign, the people preferring to secure their information from reading and then considering the merits of the candidates as well as the platforms of the parties. So far as pre-election indications are concerned Mr. Harding will be the next President of the United States. However, Republicans must not be too confident. The thing to do now is to make every arrangement to vote on election day.

It is complained that the American people are eating less and less meat and that if they do not eat more the live stock industry will suffer. There is just one way to induce them to eat more, and the packers as well as the cattle ranchers probably know what it is.

The clergyman who ventured to remark that "the Puritan devil" is walking the earth as never before" of course referred to developments much more modern than the landing at Plymouth.

An Indian court compelled a man to give back the false teeth he had taken away from his wife. Women's rights still include the privilege of biting, it seems.

BABY NAMED LYDIA E.

Because Her Mother Was Made Well by Lydia E. Pinkham's Vegetable Compound.

Brooklyn, N. Y.—"I could not write my thanks for your blessed medicine. Lydia E. Pinkham's Vegetable Compound. I was in a very bad condition and had lost two babies. One of my good friends told me about Lydia E. Pinkham's Vegetable Compound and after I had taken eight or ten bottles I felt like a different woman. I kept on taking it until my baby girl was born last month and we have had her christened Lydia Elizabeth. I wish you to publish my letter to benefit other women who are suffering as I was."—Mrs. KATHERINE KURZBACKER, 1086 Manhattan Avenue, Brooklyn, N. Y.

Women who suffer from any feminine ailment should not lose hope until they have tried Lydia E. Pinkham's Vegetable Compound.

The many convincing testimonials constantly published in the newspapers ought to be proof enough for women who suffer from those distressing ills peculiar to their sex that Lydia E. Pinkham's Vegetable Compound is the medicine they need.

DIED SUDDENLY WHILE ON DUTY

Michael Maroney, a special officer at the Pittsburg Steel Products plant in Monessen, died suddenly on Monday afternoon, while on duty. The deceased was 53 years of age and is survived by a wife and four children, residing in Pittsburg.He had been employed in the mill for the past two months and was apparently enjoying the best of health up until Monday afternoon, when he took suddenly ill. He was removed to the emergency hospital, but died a short time later, death being due to cerrebral hemorrhage. The remains were taken to Pittsburg for interment.

BALTIMORE REGISTRATION BLOW TO DEMOCRATS

Registration figures in Maryland will give the Democrats a little figuring. Taking Baltimore as the index four years ago that city showed a registration of a Democratic majority of 15,000 and in that year it gave Wilson a majority of 21,000. This year the registration shows a Republican majority of 3,000, representing a turnover in the political convictions of the people to the extent of 18,000.

COL. BELL ASSUMES CHARGE OF DISTRICT

C. L. J. Franklin Bell, Engineer Corps, U. S. A., who was recently ordered to report to the Pittsburgh office to take charge of this river district, arrived in that city on Tuesday from New Orleans, where he had been in charge. Col. Bell will assume his duties as soon as the formal transfer is made. Col. C. W. Otwell, in charge of the Wheeling district, will turn over the affairs to Col. Bell.

UNIONTOWN HIGH PREPARES FOR VALLEY

The Uniontown High school football team is getting its first string players in shape for the game with the Donora High, which takes place at Uniontown next Saturday. Last year Donora won the decision over Uniontown on a wet and muddy field, but this year the Fayette county gridders hope to reverse the decision. Charleroi High also meets Uniontown this season.

D. A. R. MEETING AT WILLIAMSPORT

The twenty-fourth annual conference of the Pennsylvania Daughters of the American Revolution opened in Williamsport on Tuesday with 300 delegates in attendance. The report of the regent showed nine new Chapters organized during the year among them the California Chapter which includes the Monongahela Valley section from Monongahela to California.

INJURED MAN WAS SENT TO PITTSBURG

Samuel Dietz, a miner employed in Ellsworth No 1 mine, was taken to the Mercy hospital, Pittsburg, having been crushed between a coal car and the side of the entry. His chest was crushed and an arm broken. The injured man was brought to Charleroi and sent to Pittsburg on the 4:10 train.

PARTIAL ECLIPSE OF SUN NOVEMBER 10TH

A partial eclipse of the sun, visible in this section of the state, will occur November 10, beginning at 8:57 a. m., and ending at 11:05 o'clock, a. m., with the greatest obscurity at 9:58, according to predictions of Heber D. Curtis, director of the Allegheny Observatory. The eclipse will have no scientific value.

WILL HOLD INQUEST THURSDAY EVENING

Coroner William Greenlee will conduct an inquest Thursday evening at 6:30 o'clock, at Roscoe, to inquire into the circumstances in connection with the accident which resulted in the death of Duncan Matthewson on Sunday, when he was struck by an automobile.

The New Personality.

"There comes a moment in the life of almost everyone when, bewildered, for the first time they meet an everyday and faulty person in place of the beloved. Sometimes this is the beginning of a long disillusion; it is then that many find out that one has not been in love at all, but only in love with being in love. With young lovers one often calls this first glimpse the first quarrel. After marriage this slow torment of becoming accustomed to another personality in the body of the beloved is called the 'time of adjustment.'"—Ellen Henton Verne, in "The Heart's Country."

APPLICATION BLANKS FOR VICTORY MEDALS

Former service men can secure application blanks for Victory Medals at the office of the Charleroi Real Estate company, where Miss Richardson and her assistant will be glad to give such assistance as may be needed to all who make application.

All men who served in the army during the world war are entitled to these medals, while those overseas will be entitled to an additional bar for each engagement they were in. Those who desire assistance in making out their applications are requested to bring their discharge papers as credentials.

LOGANS OPEN SEASON WITH A VICTORY

The Senior Logan Juniors football team defeated the Monongahela team at Lock Four on Sunday. The Logans were too fast for the visitors, who were unable to do much with the rushes and tackling of the local team. The Logans have games scheduled with the Etna Indians and the McKeesport A. C. and expect to book quite a number of other strong contenders. The team is being coached by Capt Lee O'Brien of the Charleroi High, and is showing up well, under his instructions. The team lined up on Sunday as follows: Morgan, left end; Aucker, right end; Ray, left tackle; O'Neil, right tackle; Lenesky, left guard; Besienkamp, right guard; Lee, center; Feehan, quarter back; Crabb, full back; Demarcio, right half back; Watson, left half back. In the game Sunday Crabb, Morgan and Lee were the stars.

REPUBLICANS BIG LEAD IN FAYETE COUNTY

Returns from the personal registration in Uniontown, completed last Saturday, shows that a total of 5,553 voters registerer for the coming November election, 2,740 women and 2,813 men. Of this number 3,644 registered as Republicans and 1,516 as Democrats, with 306 registered with other parties. In Connellsville, 3,690 voters registered, of which number 2,191 registered as Republicans and 1,182 as Democrats, while 317 did not affiliate with either party. If the registration is a criterion Fayette county will give a greater Republican majority than ever before in its history.

VICTORY MEDALS ARE READY FOR SAILORS

Honorably discharged men of the United States Navy who saw service during the period of the Great War from April 6, 1917, to November 11, 1919, may now secure their Victory Medal by bringing their discharge to the United States Navy Recruiting office at 211 Fifth street, Charleroi. United States Naval Reservists must apply to the Fourth Naval District, Philadelphia; officers to Bureau of Navigation, Washington, D. C., for medals.

As a trio of vote getters, Franklin D. Roosevelt, Josephus Daniels and William Gibbs McAdoo rank mighty high. Look at the Republican votes they made up in Maine.

PRE-WAR PRICE

Owner leaving town, reason for great sacrifice

$5,000

worth $7,500.

Nobody thinks anything now of going away on a trip

THE railroads were partly responsible. But it wasn't until the automobile reached its present state of development that the old barriers against travel were finally broken down.

II

More people own automobiles today than ever thought of owning a horse and buggy in the old days.

That's because the *cost of motoring* has been brought within reach of the average citizen's pocketbook.

We look upon it as part of our job to *keep it there.* If it weren't for the trade of the *man with the medium priced car* there wouldn't be much in this tire business for us.

III

The less a man has to spend on motoring, the more important it is that his tires should be of *first quality.*

Any tire is *not* good enough for the small car owner. He wants a tire that will give him *just as much for his money* in the small size as the big car man gets for his money in the large size.

IV

In thinking over what kind of tires we would represent in this community we tried to *put ourselves in the place of* the car owner. And we believe we hit it exactly when we selected U. S. Tires.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—*everywhere*—U. S. Royal Cords.
